

Dear innovators and circular economy enthusiasts,

we warmly invite you to our final live event **Meet the Circular Pioneers**. The event will take place on the 5th December 2024 from 16:15 to 19:00 in Winterthur, Lagerplatz 24. Look forward to inspiring pitches from the last **10 funded teams**:

[Odlo](#) [Nucan](#) [Matratzen-Allianz](#) [RePan](#) [Milani Design & Consulting AG](#) [SmartBreed AG](#)

[Two teams from the PHÄNOMENA Challenge I “Vertical greening”](#)

[Two teams from the PHÄNOMENA Challenge II “Highly automated goods transport”](#)

This will be followed by an exciting **lessons learned input** in connection with the core topics of our Innovation Booster. Together, we will look back on four years of great successes and valuable insights in the field of Applied Circular Sustainability. What have we achieved? What have we learnt? And above all: What can we pass on?

We are delighted to have gained **PHÄNOMENA** as a challenge partner, which will present the implementation of ideas in the areas of ‘vertical façade greening’ and ‘highly automated cargo transport’ to the general public even after our active booster activities.

Finally, in a playful and interactive exchange, we will take a look into the future and find out how our network imagines the circular economy of the future and which media reports could be circulating on the topic in 2048. Let's give free rein to our creativity.

To round things off, we enjoy a good time together over refreshments and an Apéro.

Agenda

- Welcome
- Pitches of the 10 funded teams
- Lessons learned from the Innovation Booster Applied Circular Sustainability
- Future sessions, entertainment and Apéro

You can register for the event via the following [link](#). Feel free to share the link with other interested parties. We look forward to seeing you and to an inspiring evening full of innovation and community!
